

Get The Best DG Set Rental Experience

With amazing customer service and quality build generators, we at Gen Rentals strive for the best and nothing less. Know about us and our top performing products made by the trusted Genesis.

About Us

At Gen Rentals we see that our customers get the best options for renting generators, being a part of well known Genesis we have 23 years of experience in the DG Set industry. We are proud to say we provide the best quality and service for our products. We prioritise our customer's requirements from installation to tech support. We are known to act fast on any complaint and do super fast deliveries when required, building trust with our customers on the way.

Stationary DG Set

Stationary DG sets are high performing generators good for long term use. These are suitable for commercial as well as corporate requirements providing consistent and stable energy.

Lighting Tower DG Set

Lighting tower DG set is a unique DG set with light towers attached to it. It is extremely useful for events or construction sites that might require powerful bright lighting.

Mobile DG Set

They are portable in nature and are mainly used for short term basis but with highly durable build so it can give its best performance anywhere it is needed.

AMF Panel

AMF are devices that are attached to a generator which enables an otherwise manually operated generator to automatically start when there is a power-cut. They are great to have a tension free

Top Quality

All our generators have the assurance of Genesis, a trusted brand. We make sure that all the DG sets we rent are of top quality and good as new so that they will provide peak performance.

Fast Service

We try to give our best customer service when and wherever it is needed because we understand its importance. Hence, we provide industrial level quick support when needed.

Our Valuable Clients

Flipkart

amazon.in

FedEx®

Over the years we have established ourselves as a strong brand with top quality products, we strive to achieve new milestones constantly. With our hard work and dedication we are able to achieve our highest performance hence we have the trust of our numerous loyal customers world wide, with our vast service range we make sure our products

We have a vast range of more than 300 generators with us, which range from 5 KVA to 2250 KVA, because of our amazing service and performance, corporate companies choose us as they trust our ability to meet any required supply as per the demand even in difficult times and the fact that we are a part of a leading generator retailer, helps back-up our claims.

Affordable

Renting a generator is affordable then buying a new generator when you might not need them for an extended period of time. We also make sure that the price we offer for renting is as reasonable as possible.

Highly Fuel Efficient

Our generators are designed to be efficient in all aspects including fuel consumption. The generators are eco-friendly allowing them to consume less fuel to give more power.
